A Division of:

POWER • PRECISION • VERSATILITY

70%

FASTER THAN SINGLE HEAD TECHNOLOGY

Our in-depth knowledge and experience in custom metal fabricating combined with the precision of the Calypso Shark 612 Waterjet has enabled us to provide our customers with custom metal fabricating and jobshop cutting services at the highest level of quality and precision.

Versatility

The versatility of our waterjet allows us to provide job shop cutting services for all materials listed below. Our waterjet can be a production workhorse or can cut delicate materials for limited-run specialty jobs.

Power

With unprecedented technology, performance and capabilities using dual heads, 60,000 psi and a 60 hp pump, our waterjet has proven to be quicker, more efficient and superior to other methods such as Laser, EDM, Milling and Punching.

Precision

Cutting Area:	6'-0" x 12'-0"
Min.Thickness:	Shim Stock
Max.Thickness:	10"
Cutting Heads:	2
Accuracy:	Linear per axis ±0.003 Repeatability ±0.001

What industries we supply for:

- Store Fixtures/ Displays
- Metal Fabrication
- Marble/Granite/Stone
- Landscaping
- Signage
- Architects
- Millwork
- Machine Shops
- Designers

Materials we can cut:

- All Alloys (Stainless steel, Steel, Aluminum)
- Marble
- Granite
- Stone
- Glass
- Brass
- Copper
- Corian
- Plastics
- Nylon
- Wood
- Carpet
- Rubber
- Composites
- Titanium
- and many others

Granite / Marble / Stone / Corian:

3/4" marble 3/4" granite, 3/4" limestone 3/4" marble, 3/4" granite

Signage:

1/4" aluminum (brushed) 14g brass 1 1/2" aluminum

Custom Fabrication:

1/8" stainless steel 304 1/8" aluminum 1/8" aluminum

Machine Tools / Parts:

1/8" stainless steel 304 1/2" aluminum (tooling plate) 1/2" stainless steel 304
